Republican Ticket.FOR PRESIDENT,
BENJAMIN HARRISON

OF INDIANA.

FOR VICE-PRESIDENT

LEVI P. MORTON,
OF NEW YORK

THE COUNTY TICKET.

The Republicans of Washoe have

presented a very good ticket to the voters. There are two or three of the can-

didates not particularly strong, but tak-

en as a whole, the ticket should receive

the support of the members of the party

and of the people generally. This is a

Presidential year and the weak nomi-

niness are in luck for the grand majority

that Washoe will give for that gentleman

and statesman, Benjamin Harrison, will

more than likely insure the carrying

through of every candidate on the county

ticket. Levi Beck will be elected. He

has been on nearly every ticket against

the Republicans for the past ten years,

and defeated, and now that he is on the

winner, the Journal is perfectly willing

to try him once more, with the hope

that he will do those things best for his

constituents. In all such efforts he

shall have the cordial support of this

paper. Let no man put asunder the

harmonious bonds that have been weld-

ed in the interest of Washoe county Re-

publicanism, but let every good Repub-

lican and good citizen unite for the

honor and glory of Washoe. The late

Convention was a gathering of repre-

sentative men, and their mistakes,

should the result at the polls prove that

fact, if it is so, were evidently uninten-

tional, and the ticket, under all circum-

stances is justly entitled to the votes of

the delegates and the members of the

party.

IMPOSSIBLE TO GO CLEVELAND.

The First Senator from Iowa, a Life-
Long Democrat, Will Vote for
Gen. Harrison.

WATERLOO, Ia., Aug. 31.—There passed through this city this week a man who is attracting considerable attention in this State just now, not only because he was the first United States Senator from Iowa, but because, although he has been a life-long Democrat, he proposes in the 85th year of his age to vote for the Republican Presidential candidate. The man in question is Gen. George W. Jones, of Dubuque. Gen. Jones was educated at the Transylvania University, in Kentucky, where he was a classmate of Jefferson Davis, as well as of the sons of Henry Clay. He served in the Black Hawk war as the aide-de-camp of Col. A. C. Dodge, and at the close of the war was elected Colonel of the militia. Soon afterwards he was elected Colonel and Judge of the Territory of Michigan, which at that time comprised the country including Michigan, Wisconsin, Iowa, Minnesota, Oregon, and all the remaining country north of Missouri and east of the Pacific Ocean. In 1833 and 1837 he was Congressional delegate from Michigan Territory, and while in Congress secured the organization of Wisconsin and Iowa Territories, and the names which these States now bear were adopted at his suggestion. In 1837 he was appointed by Van Buren Surveyor General of Iowa. He was removed from this position by Tyler for political reasons, but was restored in 1845. Soon afterwards he resigned this position to enter the Senate as the first United States Senator from Iowa. President Buchanan appointed him Minister to Bogota, where he remained until 1861, when he was recalled.

During all his life Gen. Jones has been a Democrat, except that he voted for Grant in 1872 in preference to Greeley. He says, however, that he cannot vote for Cleveland this Fall.

"I voted for Cleveland four years ago, relying on his promises to give the country civil service reform, and his assertion that he would not accept a second term. He has been false in all these matters, and was no sooner installed in the White House than he began to intrigue for a second term. He has helped to outrage Dakota, and that ought to be enough to dethrone him in the eyes of all right-thinking men. I have always been in favor of home rule, and surely the people of Dakota have the right to govern themselves. I wash my hands of Cleveland and shall do all in my power for Harrison. He is a man of the people and has their interests at heart."

In spite of his years Gen. Jones is bold and hearty and takes great interest in the present campaign.

THE CAMPAIGN IN INDIANA.

Chairman Jewett, of the Democratic Committee Returns from New York.

INDIANAPOLIS, Ind., Aug. 31st.—Chairman Charles L. Jewett, of the Democratic State Committee returned to-day from New York, whither he had gone to arrange his list of campaign speakers. He says all the distinguished Democratic orators desire to participate in the struggle in this State, and that the services of such of them as may be available in the presence of a prolonged session of Congress will be accepted. If Congress continue long in session, the Northern Democrats will be obliged to hasten home to care for their personal interests. In that event the visiting Democratic orators would be almost all Southerners. The experiment of having the reconstructed teach the lessons of political duty to a patriotic State like Indiana is an experiment Jewett would rather avoid than undertake to enjoy. He is, therefore, hoping that Congress will soon adjourn.

Jewett's return was hastened by a meeting of the Democratic committee, which has had two prolonged sessions to-day, the work being confined to receiving reports and bringing up the details of campaign work. In their public expressions the members assert that things look well, and that they will surely carry the State, but to Democrats their reports are such that they excite no enthusiasm. The committeemen claim the Democrats will regain the First, Eighth, Eleventh, and Twelfth Congressional Districts, now represented respectively by Hovey, Johnston, Steele, and White. All these districts are largely Democratic under the infamous gerrymander, but as the people have heretofore united in rebuking that effort to disfranchise them the Republicans expect the result this year to be as usual.

John E. Lamb, of Torre Hunte, is the political protege of Senator Dan Voorhees. He represented his district in Congress a few years ago and was subsequently District Attorney for Indiana, being one of the unfortunates who undertook to run for office when President Cleveland was entering to the mugwumps and practicing at civil service reform. Lamb is now in New York, and he threw a bomb into the meeting of the State Committee here to-day by appearing in an interview in which he said the recent poll of the State showed that Harrison would have a good majority. Lamb said the poll had been taken quietly, cautiously, and thoroughly, and that its conclusions were irresistible. It not only showed a good majority for Harrison at present, but also that he was gaining ground. There was nothing in Lamb's statement that was not known to the Republicans, but the forcible expression he gives to his views has annoyed his party friends here a great deal. Owing to Lamb's peculiarly intimate relations with Senator Voorhees and the latter's recent confessions of weakness on the part of the Democrats, Lamb's interview is regarded as indicating a breach in the Democratic party in this State which will result in the virtual abandonment of the campaign.

HOW THE LABORING MEN STAND.

Knight of Labor Litchman's Letter
Indorsed by His Fellows in Pitts-
burgh.

PITTSBURG, Pa., Aug. 31.—The letter of Charles S. Litchman, General Secretary of the Knights of Labor, to Chairman M. S. Quay, coming out squarely for Harrison, Morton, and protection, has created a furor of comment in this Knight of Labor stronghold. Eccles Robinson, editor of the Commoner and Glassworker, said this evening: "I tell you Mr. Litchman has sounded the true note. He hit the nail squarely on the head. The issue, as he says, is between the American system, as represented by the Republican party, which would foster and encourage the labor of our own people and retain for them the market and wages of our country, and the British system, as represented by the Democratic party, which would break down the barriers of protection and throw open our markets to the production of foreign factories and foreign labor."

Master Workman Evans said: "Litchman has sounded the keynote for the workingmen."

Thomas E. Telford, editor of the National Labor Tribune, the old stand-by labor paper, said Litchman has done just what any honest workingman ought to do.

Ex-General Secretary Robert D. Layton, who is a candidate for Litchman's position at the next meeting of the General Assembly, while finding no fault with Litchman's sentiments, thought he ought to have resigned before writing the letter. He added: "I will say this for Mr. Litchman, who is the silver-tongued mechanician of America, any party is fortunate that can secure his services in the coming campaign."

Democratic workingmen generally approve of Litchman's determination to fight free trade, but think he made a mistake in writing the letter before his resignation in order to make it appear that he spoke for the Knights of Labor as a body. All admit that Litchman will be a great accession to the Republican party.

RENO CONVENTION.

The Views of Deacon Parkinson.

The Carson Tribune, of Tuesday evening, says:

With a view to seeing personally what was going on at the Republican Convention, a Tribune reporter went to Reno yesterday, and meeting on the local train the two female evangelists, by their conversation was somewhat prepared for whatever might befall. The Convention was a large one, larger than that of any county in the State, and composed of the bone and sinew of the county. The pious and funny Bob Lindsey was elected Chairman, and his usual witty manner kept the Convention in a pleasant and orderly condition.

In consequence of William Thompson realizing that he could not be elected Senator if nominated, he withdrew his name from that position with the promise of the nomination for the Assembly, and to hear him and H. H. Beck glorying in the fact that mugwump and party fighting was now at an end, and advocating a strict rally round the Republican standard, reminded one of a newly converted Christian giving his experience, and of that passage of Scripture "How good and pleasant a thing it is to see brethren dwell together in unity."

Well, Emmitt was nominated for the Senate, and all seemed satisfied; Beck and Thompson, of Reno, and T. G. Herman, of Wadsworth, for the Assembly; Havenor, for Sheriff, was defeated by Jack Fraser, the butcher. Julian for County Clerk, D. B. Boyd for Treasurer, and C. O. Porter for Recorder, were nominated by acclamation, and Dave Allen knocked the wind out of Pierce Evans for District Attorney. Friend Hymer was renominated for Commissioner, long term, and William Merrill, of Verdi, for short term.

The nominations seem to please some, while by others of the party the legislative ticket is looked on as rather a weak one, but perhaps when it is considered that two of the candidates have been plucked as brands from the political burning, and restored to fellowship with the Republican party, apparent animosity will cease and all work harmoniously. One thing is certain, that a general belief exists that in November next a larger Republican vote will be given for the Presidential and State ticket than for many years past.

THE SUN MOTOR.

An Invention That May Be of Great Benefit to Nevada.

Captain Ericson, the inventor, announces that his sun motor, which has occupied much of his thought and investigation for many years, is perfected. This invention has aroused much interest among land owners on this coast, who have been in search of power suitable for operating machinery to water their sunburnt lands. The results of protracted experiments with a motor provided with reflecting mirrors, have established the fact that a surface 100 feet square presented at right angles to the sun at noon in the latitude of New York, during the summer developed a mechanical energy reaching 1,850,000 foot-pounds per hour. The Silver State remarks that as the sky in Nevada is cloudless three-fourths of the time, during the summer months the motor will doubtless come into general use in this State for pumping water for stock and perhaps for irrigating purposes. As the rays of the sun develop the power the only cost attached to running the machine will be for repairs. The deserts, so-called, which cannot be used for grazing purposes, because there is no water for stock to drink, may become as valuable for stockraising as the lands along water courses and in the vicinity of springs now are. There are large valleys in this State which produce feed for stock but which cannot be utilized in consequence of the scarcity of water, that may yet be made valuable for pasture by sinking wells and using sun motors to raise the water to the surface.

THE JEWISH HOLIDAYS.

Rosh Ashron and Yom Kippur.

Last evening our citizens of the Jewish faith closed their places of business at sunset for the observance of the Hebrew New Year. It is one of the most solemn festivals on the Hebrew calendar, and is observed two days in the orthodox and one day in the reformed synagogues. According to the orthodox usages the festival will therefore last over Thursday and Friday, and business will be entirely suspended by the observers during that time until dark Friday night. Saturday being the Jewish Sabbath day the suspension of business will continue throughout Europe among the orthodox Jews until dark on Saturday night. The majority of the Israelites here are reformers and will observe the festival only one day, opening their places of business at dark on Thursday night. This festival is observed in solemn prayer and asking forgiveness of the Almighty for all the sins that the supplicants have committed during the year. It will be followed on Saturday by Yom Kippur, the Day of Atonement, which will be observed by fasting and prayer, commencing on Friday evening at sunset and ending at dark on the night following. This fasting means total abstinence from all manner of food and liquids, not even the taste of a single drop of water being allowed.

Rah for Vermont with its 28,000 majority for the Republican ticket, and who shall say it is not a solid North against a solid South.

ANOTHER RICH GOLD STRIKE.—The Enterprise, of Wednesday, says:

J. J. Jackson, of Washoe Valley, was in town yesterday. He has made a rich strike in the way of gold-bearing quartz in a vein in the neighborhood of the Harris mine. He brought with him to this place lumps of quartz that were thickly studded with knobs of coarse and heavy gold. He is arranging to have a quantity of his ore worked at one of the mills in this neighborhood. Although he now has a good thing he thinks he is on the track of something still better.

Syrup of Figs

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Cataract. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostri, obtain a bottle of Boeche's German Syrup. It will give you immediate relief.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. fab. 21-8w 4-1y

UNIVERSITY.—The State University reopened yesterday with 66 scholars, just twice the number of a year ago. The exercises were very interesting. The Regents and a number of visitors were present. The ladies of the Relief Corps presented the University with a beautiful American flag.

The Carson Tribune, of Tuesday, says:

Mr. John R. Bradley informed a Tribune reporter this morning that he would willingly give the Directors of the State Fair half as much more than they paid him if they would give up the property, without any of the improvements.

REMARKS AND CONDITIONS.

Nominations to stakes must be made to the Secretary on or before the 1st day of August, 1888. Entries for the stakes must be made two days preceding the race, at the regular time for entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race, at 6 P. M. Horses entered in purses can only be drawn by the consent of the Judge.

All horses entered for District purses must be owned and kept in Nevada and California, east of the Sierra Nevadas, for six months prior to race.

Entries to all trotting races will close August 20th, with the Secretary.

Five or more to enter and three or more start in all races for purses.

National Trotting Association rules to govern trotting races. Pacific Coast Blood Horse Association rules to govern running races, except as above.

All trotting and pacing races are the best in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. Entrance fee 10 per cent. on purse, to accompany nomination.

We are in favor of the absolute exclusion of Chinese and the restoration of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.

We demand, in behalf of our various industries, the retention of the duties on lead, borax, soot, hides and leather, and to restore the tariff of 1867 on wool.

We are in favor of the right of labor to organize for its lawful protection.

We favor liberal appropriations by Congress for hydrographic and topographical surveys in this State to the end that the waste waters may be preserved for the purpose of irrigation.

We endorse the wise and conservative administration of Governor C. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.

In all the foregoing stakes the declarations are void unless accompanied by the money.

Please observe that, in the above stakes, declarations are permitted for a sum not exceeding \$10.

In all races entered not declared out by 6 P. M. of the day preceding the race shall be void.

Where there is more than one entry by one person, or in one interest, the particular horses they are to start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk-over.

Racing colors to be named in entries.

In trotting races drivers will be required to wear caps and colored colors which must be named in the entries.

Each day's races will commence promptly at one o'clock P. M.

All entries must be directed to C. H. Standard, Secretary, Reno, Nevada.

The Ormsby County District Fair, at Carson City, begins September 21st and ends October 29th. Six days racing; gate \$100 in purses and premiums. Particulars address the Secretary, Carson City.

The Humboldt County District Fair begins October 2d, and ends October 5th. Four days' racing; gate \$3,500 in purses and premiums; for particulars address Alex. W. Stewart, Publican Administrator.

The State Agricultural Society built a new track last fall, mile from the town of Reno, the soil being of such a character as to make it one of the best on the Pacific Coast.

THEO. WINTERS, President.

C. H. Stoddard, Secretary.
